Transnational Project Meeting TPM5
07.12.2023- 10.12.2023, Dortmund, Germany

The international TPM5 meeting took place from 07 to 10 December 2023 in Dortmund, Germany with 34 participants.
This meeting was held in a constructive and friendly working atmosphere, as were all previous meetings.
A positive effect of the meeting can also be considered that in addition to the 5 partner organizations of the project, 3 more organizations joined the project, Brücke, Verein kulturelle Erbe e.V., Dialog Welt e.V. It was indicated directly by these affiliated organizations that they were not only interested in learning what the European projects of the ERASMUS program are, but also in real time what an international and interdisciplinary team means, the interaction of which is based on mutual respect and consideration of the opinion of each member. During the discussion of open issues of the project, the following topics were raised: planning the procedure for holding subsequent meetings, prospects for the development of project interaction, personal contacts, continuity in cooperation with young people and other issues. Despite the fact that it was financially difficult to organize and hold the meeting due to the increase in prices in all sectors, the event was held, like all previous meetings, in a very friendly and constructive atmosphere. Participants had the opportunity to get acquainted with the cultural life of the city in their free time, as well as to immerse themselves in the pre- Christmas atmosphere practiced in this federal state of Germany by visiting the city fairs.
At the end of the meeting, all participants of the project received appropriate certificates of participation.

Co-funded by the European Union
